Anyone who ever watched *Supernatural* understands that there are **Sam Winchester** stans, there are **Dean Winchester** obsesses, and there are slash fans. That's not totally relevant here, but it's never a bad time to be reminded of how often the Winchester brothers have been mistaken for a gay couple. What is relevant, however, is that you probably already have your preference of Winchester. But deep down, who are you really connected to on a soul level? Maybe you're a Sam or a Dean, but maybe you're a **Castiel** or a **Crowley**. Take this quiz to find out which *Supernatural* character is your soulmate.
